5. KEY EVIDENCE FINDINGS

Finding 1: * **Vehicles:** A parked vehicle (likely a car) is visible on the left side of the frame from the beginning. An auto-rickshaw is partially visible in the background. No significant movement of vehicles is observed during the recorded incident.

Finding 2: * **Vehicle Movements:** No significant vehicle movements are observed during the recorded duration. A car is parked on the left side of the street. An auto-rickshaw is stationary in the background.

Finding 3: * **Number Plate Visibility:** The number plate of the parked car on the left is partially visible but not clearly legible due to the resolution and angle.

Finding 4: * **Vehicle Maneuvers:** No vehicle maneuvers are observed.

6. CRITICAL IDENTIFIERS

No critical identifiers (vehicle plates, phone numbers) were automatically detected.

7. INVESTIGATIVE RECOMMENDATIONS

- Review extracted timeline for sequence verification

- Validate all identified vehicle registration numbers
- Correlate timestamps with other evidence sources
- Verify locations mentioned in the analysis
- Follow up on identified phone numbers if relevant
